## HOWZAT? COOLUM FIELDS DIVISION 1 CRICKET TEAM

Despite a wash out on the second day of play, the inaugural Coolum Division 1 cricket team put in a solid effort against Tewantin-Noosa at Reed Park in Noosa. Due to the wet conditions on Saturday October 12 the Round 1 match was drawn. With good weather predicted for the coming weekend, the team are set to have their first home game this Saturday against Maroochydore from 10.30am at the Coolum Peregian Sports Complex. Pictured is the First Division Coolum cricket team (from left) Tiaan Scheepers, Adam Goodwin, Sean McCullum, Tom Mackee, Dean Kenny, Josh McLean, Tim Hynes (captain), Rory Cowling, Clarry McCague, Jakota Dale - Westbrook, Adam Kerr, and Coach Sam Curtis. ## Annual Lions Charity Golf Day to benefit Diabetes QLD

VANESSA BACON-HALL  
EDITOR

ONE of the biggest sporting charity days on the Coolum calendar is set to be held on Friday October 25 with the Coolum Lions Annual Charity Golf Day to tee off at the Mount Coolum Golf Club from 12 noon, and all monies raised will be directed to Diabetes Queensland.

Competitors of all ages and abilities are encouraged to dust off their clubs, putters and get out their golfing attire and register for the event with the format for the day a 2 Man Ambrose competition. Registration is just \$65 per player and Lions event coordinator Bruce Parkes stated it was great value for money.

"This event has been going

## CLIMATE RALLYS

Dear editor,  
The "Rebellion Extinction" group disrupting the movements of hard-working Australians in our major cities, are mostly on welfare payments, which should be confiscated to pay for the loss of time and wages of those paying taxes to pay for their massive welfare bill.

Instead of following the protocol and requirements of all Newstart recipients, they are a law unto themselves, determining their own agendas of disrupting our lives. This cannot go on indefinitely. Their aim is to continue until the world marches to the beat of their drum. However, none of them hold any positions of power to change anything, so they merely undermine the flow of life in our communities to their advantage.

The rights of the majority must come first. Civilised people go about protests in a civilised manner. The more they draw attention to themselves and delay the lives of ordinary Australians, the more they are resented. It is a costly exercise which has not endeared them to an unsympathetic public.

Our governments need to draw a line in the sand, withholding payments till they come to their senses. Nothing can be achieved through repeated acts of chaos. Giving them both attention and welfare money is playing into their hands.

E. Rowe,  
Marcoola.

## YAROOMBA BEACH

Dear editor,  
Yaroomba Beach no longer exists, therefore, I was surprised

and delighted that we still have the iconic Yaroomba Beach Classic and not the Mt Coolum Beach Classic surfboard contest.

Where has Yaroomba Beach gone?

Nola Weiss,  
Mt Coolum.

## DOG POOP

Dear editor,  
In the parks, along the tracks, on the footpaths, grass verges and the beach - dog poos. If you don't want to pick up your dog's poo, then keep your dog in your yard. It's not okay to leave it behind when you are out.

Let's put peer pressure on those irresponsible dog owners to pick it up and we can all enjoy a dog poo free outdoors.

# ANNUAL LIONS CHARITY GOLF DAY TO BENEFIT DIABETES QLD

CONTINUED FROM PAGE 1

for about seven years and it keeps building as we go along.

"Last year we had about 75 and this year we expect about 90 to play and it's a great day for the money with a round of golf, two alcoholic drinks, a BBQ and each player receives a goodie bag full of items from our sponsors," Bruce said.

Added to this is the goodwill of giving back to the community and helping out a worthy cause.

"Two years ago we gave our funds to childhood cancer and last year it was the QLD Lions drought appeal and November is diabetes month and it affects lots of people."

The beneficiaries of all funds raised will be Diabetes Queensland, who run the National Diabetes Services Scheme, and as with all Lions projects 100 per cent of all funds raised are directed to

the project.

Diabetes Queensland have two major goals - firstly, to improve the health and wellness for people living with all types of diabetes, and secondly - to reduce the incidence of preventable diabetes. Type 2 diabetes is on the increase in our society, and is in many cases entirely preventable, and through Diabetes Queensland's education and research programs it is hoped that a reduction in the number of new cases can be brought about.

Coolum Lions President, Rob Snels said that where there is a need in society the Lions are there to try and help.

"Diabetes is one of the major health problems in our society and proceeds from our golf day will be valuable in the diabetes battle."

The event will kick off with a shot gun start at 12 noon

on the day and players can register through the Mount Coolum Golf Club Pro Shop on 54463125, and players will receive a free BBQ and drinks all day, great prizes, and a post-game function with a raffle containing \$1000 worth of prizes.

Mr Parkes further went on to say that the generosity shown by many of the sponsors needed to be mentioned, especially North Shore Realty, The Coolum Beach Hotel, The Coolum Surf Club, Stagg Automotive and the Coolum Bowls Club.

"There are still some sponsorship packages available and I encourage businesses to give me a call (0439837488) to be part of this event - it is a great way to have a great game of golf with friends and raise some money for a worthy cause."

## Noosa Biosphere Reserve gets the nod of approval from UNESCO's 10-year review

NOOSA Shire's place among the world's biosphere reserves is assured for another decade, with UNESCO giving Noosa Biosphere Reserve the 10-year tick of approval.

Mayor Tony Wellington said the acknowledgement is another win for the region.

"It is wonderful to receive confirmation that UNESCO has not only confirmed the ongoing status of the Noosa Biosphere Reserve, but that they have done so with accolades.

"Noosa Shire was designated a Biosphere Reserve in 2007 by UNESCO's Man and the Biosphere program. In true pioneering Noosa fashion, it was the first biosphere designation in Queensland," he said.

The World Network of Biosphere Reserves, which

recognises areas that demonstrate a balanced relationship between nature and people, now consists of 701 biosphere reserves in 124 countries.

In its review, the Advisory Committee acknowledged the efforts to manage tourism and the Noosa Biosphere Reserve Foundation's initiatives across the restoration of fish in the river and work on koala populations.

"All Biosphere Reserves are required to carry out periodic reviews and report back to UNESCO. This is Noosa's first assessment, and it appears we passed with flying colours.

"The Advisory Committee noted our Zero Emissions Noosa objective, and encouraged authorities to continue efforts to reach this goal. They also commended Noosa on its efforts to deal with feral ani-

mals that present major threats to biodiversity conservation, entreating us to share our experiences with other biosphere reserves that also suffer from invasive species."

Mr Wellington said this achievement must be shared by many.

"I want to thank everyone who has been directly or indirectly involved in the Noosa Biosphere Reserve management and activities over the past 12 years.

"The Man and the Biosphere program seeks to encourage actions that improve the overall relationship between people and their environment. Enjoying a great living and working environment, whilst protecting and respecting the natural environment - that's exactly what Noosa is all about."

## Observations

**TONY GIBSON**  
A MARCOOLA RESIDENT WHO IS ACTIVE  
IN COMMUNITY, BUSINESS, POLITICS AND  
THE ENVIRONMENT

### What does healthy living mean?

PEOPLE living on the Sunshine Coast regularly say in surveys that they live here for the lifestyle. For me, that means a healthy living and healthy lifestyle which go together for this joyful feeling of living on the coast.

Living here makes it much easier to enjoy healthy living with clean, green and an abundant natural environment the envy of many areas around the world. The beach, bike and walking trails and lots of sporting facilities, and clubs to join means we should be leading in healthy living. Also, there are many community groups that support and allow people to be connected with each other and our abundant natural environment.

Our mental health is just as important as other elements of our wellbeing. This last week we observed Mental Health Week, which builds an awareness of mental health in the community. It is a difficult task in appreciating the extent and types of mental health prevalent in our society. Unfortunately stereotypes including those perpetuated by politicians linking mental health to violence are unhelpful to the cause.

Beyond Blue, Head-space and SANE Australia

are some of the agencies that support mental health. SANE Australia supports 4 million Australians each year with mental health issues and advise - "A healthy lifestyle is important to everyone. When we look after our physical health, we feel better too". By regular exercise, good nutrition and a healthier lifestyle you feel more in control of your life and you just feel better.

Locally organisations like the North Shore Community Centre and Coolum HeARTs are working to support the community on mental health and healthy lifestyles. Last weekend I attended the Coolum HeARTs' concert with choirs, drumming groups, indigenous dancers, rock bands and more at Coolum State School. This was a great example of the local groups working to support healthy lifestyles.

What healthy living means to me is living a healthy lifestyle and getting out and connecting with the rest of the community and nature. I hope this also rings true with you.

### PAPER PLANES RAISE \$1000 FOR LIFE FLIGHT

VANESSA BACON-HALL

THE Maroochy North Shore Lions held their second 'Paper Plane Challenge' on Saturday October 12 at Bli Bli State School and with the help of the many little aviators, raised \$1000, which was donated to the RACQ Life Flight and Rescue. Despite the rainy conditions, 26 children

participated in the event and coordinator Evan Flower said that all had a great time. "The children really enjoyed themselves on the day and the longest distance was 31 metres which was very impressive. "We also had a longest hang time of just over 18 minutes -

with one of the planes landing on one of the blades of the big fan in the hall and to get the plane down the fan blade had to be turned off - not quite an official record, but still a great effort."

community should know about - on either your smart phone or DSLR from anywhere in the region, we would love to see it. Please send in your 'pic of the week' to, editor@coolumadvertiser.com.au and don't forget to include your name, where the pic was taken and what it is of.

## Pet registration renewals now overdue

A REMINDER to all dog and cat owners on the Sunshine Coast that pet registrations renewals were due by September 30, and reminder notices are now being sent out. Registering your pet is a key part of responsible pet ownership and infringement notices will soon be issued for any outstanding registrations. The

infringement for unpaid renewals is \$266. If you haven't received a renewal notice, your pet's details have changed or you no longer own your pet, you must contact council as soon as possible to update your details and avoid receiving an infringement. Significant registration fee

discounts apply for dog and cat owners who have had their pets de-sexed and micro-chipped with the cost being just \$14 or free for pensioners. There is also the option of a lifetime registration for de-sexed and micro-chipped cats that is only \$81 with no annual renewal required.

Registration is free for pets under six-months-old. There are several convenient payment methods available, including online payments via MyCouncil or BPay, over the phone or at a council customer contact centre. To renew your animal registration or update your details, visit council's website.

## Introducing Dr Harry Van Rensburg

THE SUNCOAST Medical Centre on South Coolool Road are pleased to let the community know that their new General Practitioner, Dr Harry Van Rensburg is taking on new people and Dr Harry has specialist areas in mental health, skin cancer and weight management.

Dr Harry has relocated to the area after a two year placement in country Victoria at Kerang turned into 22 years.

"My family migrated from South Africa in 1997 and we looked all over the country and Kerang ended up where I was sponsored, and during that time we would holiday every Easter at Mooloolaba and we decided that when our youngest child was at uni it was time for us and to move here and now is that time," Dr Harry said.

Dr Harry is enjoying the life-

style on the Sunshine Coast and especially the laid back nature of our region and is planning on this being his last stop in medicine.

"We are planning on being here for a long time - my last job was for 22 years and I plan on staying here until I finish. The practice is great and I feel comfortable with the practitioners here at Suncoast Medical Centre."

Dr Harry explains that two of his specialist areas are skin cancer and weight management - having lost an incredible 31kgs two years ago, he is all too familiar with the struggle of weight loss.

"Two years ago I basically decided it was time to change-work and stress made me whack on a stack of weight and I lost it by looking at what I eat

and going to the gym.

"I do have a very active interest in weight management and I am really understanding of what it is to be overweight and I am absolutely keen as mustard to help people with weight issues."

When it comes to skin cancer checks, Dr Harry said that his extra training in the field has afforded him the ability to be able to perform thorough examinations.

"Skin cancer is rife in the southern hemisphere and any person who has had sun exposure needs to be checked and it is important that one is able to offer a thorough skin check - people are surprised to know that you can get a melanoma on your inner eyelid, so its vital to do thorough checks."

When not working, Dr Harry

Dr Harry Van Rensburg

is looking forward to exploring the mountain biking on offer and enjoying time at the beach with his wife and pet dogs.

Dr Harry Van Rensburg is taking on new people and is located at the Suncoast Medical Centre on Sth Coolool Rd and can be contacted on 5446 5999

## Fiona Simpson MP MEMBER FOR MAROOCHYDORE

COME and say "g'day" at my next Community Catch Up in Mudjimba at the High Tide Bar & Grill on Mudjimba Esplanade on Saturday October 26 at 9.30am - my shout for a coffee. If you have a more complex issue you need help with, it's a good idea to call my office beforehand in case we need to make a separate time to do justice to the issue and your privacy.

I also have a Community Catch Up earlier in the morning of October 26 at 8am at the Velo Project, Careela Street, Mooloolaba, and 9.30am, Thursday November 7 at Banjo's Bakery Café, near Woolworths, Plaza Parade.

A big shout-out to the Sunshine Coast Disability Action Network.

They do such a great job in advocating for better access for people with a disability to public spaces.

Thanks to their input, my office is moving to be a much more disability friendly premises in the near future. It will be a lot easier for people in wheelchairs to safely come and see me from early December when we open the new office at 1B, 148 Horton Parade near QML. I'll keep you posted via local media, Facebook and my website about exactly when the opening occurs.

However, in the meantime we have to move out of our old office in First Avenue and we are channeling the Japanese minimalist Marie Kondo to squeeze into

temporary offices from October 21 for a few weeks while the new office fitout occurs. My staff have been asking me about going paperless for years with all the whiz bang digital technology. Now's our chance to see how we can make it happen. Unfortunately the temporary offices are too tiny to have people drop-in but we are still 100 per cent available to take your queries and help on State matters if you contact us on my office phone number (5406 7100) or email (maroochydores@parliament.qld.gov.au). These details remain the same. I will still be meeting constituents in face-to-face appointments when you need to catch up in person but it will be in local cafes for a few weeks. Once again, my shout for the coffee. I appreciate your patience through this time of shifting. The outcome of a modern accessible office will be worth it.

### ANNIVERSARY CELEBRATED

I was pleased to attend Coolum Beach Real Estate's 50 year celebration. This dynamic business is held in high esteem and their special milestone was celebrated by many. It was a great reminder of the vital role local business plays in our community, with Coolum Beach Real Estate employing many locals and constantly giving back. Congratulations on this remarkable achievement and I

wish you continued success for many years to come.

### GRANT APPLICATIONS OPEN

Are you part of a community organisation that needs funding to make something great happen? Then don't miss the opportunity to make it a reality with support from council's community grants program. Minor grants of up to \$2000 are available for community groups to deliver projects, events and activities that provide community benefit. Eligible local community groups can apply for funding for projects in one of seven categories. Applications close November 4. For more information and to apply visit council's website www.sunshinecoast.qld.gov.au. hope to see you there.

# A look back in time

**FRANCES WINDOLF**  
A LONG TIME COOLUM RESIDENT  
WITH A PASSION FOR LOCAL HISTORY

## Coolum's inland wave pool has a precedent!

Jean Ross negotiating flood waters for her mail run 1929. Photo: Windolf collection

THE PROSPECT that a billion dollar Kelly Slater backed 'Surf Ranch' may be built on the western side of the Sunshine Motorway has recently been a topic of discussion in the Coolum district. Some of this discussion has referred to the suitability of the site, which is on a declared flood plain area, while other discussions have focussed on the sporting opportunities which it could provide, and on the tourism and accommodation attractions of this specialised facility.

On hearing of the proposed site of the Surf Ranch, we remembered an incident in the mid 1990s, at the south western end of the site. Returning from Maroochydore one afternoon, during a very wet period which had left flood water just covering the young sugar cane growing beside the motorway, we suddenly saw a motorboat, towing a water skier, travelling

at speed over the cane field ... we have never known who these adventurous fellows were, but their activity deserves to be recorded!

Although there have been other very wet periods in the same area, a notable incident which occurred ninety years ago has been recorded in a striking photograph taken close to the area where the Surf Ranch is proposed. Jean Ross, who had attended Coolum Provisional School in the early 1920s, earned her living in the late 1920s and early 1930s by driving a horse and buggy four miles each way to and from Coolum Creek wharf three times a week. On the outward journey she would collect mail, grocery and meat orders from nearby farms, and deliver them to the mail boat owner, Mr Coulsen. When he next returned she would deliver the goods that he had brought on the boat from Yandina to fulfil those

orders. For this delivery service, she charged one shilling (10 cents) from each household – although it was recorded that not everyone paid regularly.

Jean, who later married George Warren, had many adventures during those years, negotiating through hail, rain or flood. One notable experience was captured in a photograph from 1929 which was treasured by her family, and given to us by her son, Vince Warren, before he died in 2018. It shows her negotiating the area in an extremely bad flood, which rose higher than the floor of her buggy. She paused to check the mail, which she kept in a tin trunk to keep it waterproof, but the trunk had floated away and was several yards behind her. Fortunately, on this journey she was accompanied by a 'scout' riding a horse in front, to keep her on the road, and he was able to retrieve the trunk, and save the day!

## Student Perspective

**AMAYA FOXOVER**  
AUSTRALIAN UNDER 17 SOFTBALL REP  
COOLUM STATE HIGH SCHOOL

THE OPPORTUNITY to represent my country in America this year, as an Australian Under 17 player, was an amazing experience and has strengthened my desire to continue my softball journey.

Sport is such a valuable reinforcement of life in general. You get out of it what you put in and it has the ability to allow you to form friendships and relationships that can often stay with you for life. At the start of the year, I had a dislocated shoulder and Ross River fever, but persistence is the key.

Playing in America allowed me to see the passion and opportunities that exist in the sport of women's softball. I

love the sport - the contest, the highs of winning and the lows of losing. It has given me a unique opportunity to develop my personal leadership and I have been lucky enough to be Queensland captain for both the Under 17 team and Queensland schoolgirls.

Through my mother's lifelong involvement in softball, I have been able to meet and learn from our elite players. The privilege of playing with at times, and being supported by the Australian Olympic captain Stacey Porter, motivates me immensely. She is a role model for Indigenous women and for all sportswomen in our country. I understand the importance of respect for

these types of players and this characteristic fits in well with our school beliefs and culture.

It is a battle juggling training, games, tournaments and schoolwork timelines. I often travel three times a week to Brisbane as part of my commitments; that equates to roughly 450 km a week! I have extremely high goals and benchmarks and understand the importance of ensuring schoolwork is completed and also having time to rest and relax.

My short term goal is to secure a scholarship and play in the USA College system once I graduate from Year 12 at Coolum High State School. I dream of one day playing for my country at the Olympics. - that would be the pinnacle of my journey.

I appreciate the support that I have received from friends, family and my school, and it motivates me to be the best I can be in this sport.

## Principal's Post

**TROY ASCOTT**  
COOLUM STATE HIGH SCHOOL

WELL, reports are in and I couldn't be more proud of the students of Coolum High. There are so many highlights.

An amazing 40% of our Year 12 students are currently sitting on an A grade for English. Through their hard work, and with skilled teachers, Coolum's students are succeeding.

Added to that, 39% of Year 12s in our Chemistry class received A grades! Chemistry is a complex and challenging subject, so this result is extraordinary. The

positive results go on and on, with large numbers receiving the premium A grade in so many subjects— 38% in Maths C, 37% in Maths B, 40% in Drama and another 40% in Visual Art. Half of our Graphics students are receiving an A. I could keep going on as results are fantastic across the board.

We know that the biggest and most important thing for our students is their self-belief. Research teaches us that it's what students believe about themselves that makes

the biggest difference to their results and their post-school life.

That's why it's so important that as a community we get behind our young men and women and show them that we believe in them. The kids are showing that they want a future that burns bright, they want opportunity, they are prepared to do the hard work and they are hungry for success.

Coolum High's senior students are setting benchmarks for themselves and for our community. The future is bright and I can't wait to see what they do in the future.

## COOLUM SHARKS THRASH GLASSHOUSE

IN a history making first match for the season on Sunday October 13, the first ever Coolum women's cricket team rounded out their match with a score of 7/108 - beat-

ing Glasshouse at home at the Glasshouse Mountain Sports Complex by 81 runs. The Coolum Sharks batted first in the T20 Competition with Top scorer Vice Captain Lex Turn-

er (23), followed by Maddie Duncan (18), Amy Rosenbrook (15), and Glasshouse all out for 27. The Coolum Sharks will play their round two game against Caboolture on Sunday October 27 from 9.30am at the Coolum Cricket Ground.

# NIGHT ANGLERS HAVE BEEN CLEANING UP

## DAVO'S NORTHSHORE BAIT & TACKLE

FISHING the Maroochy River at night has really been producing the goods lately. One such fish that responds well at nighttime is the mangrove jack. Jacks hide in their snags all through the day but come out to feed at night and can be found feeding out on the flats - large paddle tailed soft plastics worked slowly can produce some great jack.

For those of you that are not night owls and prefer an early start, fishing the river mouth has also paid off with bream, trevally and tailor claimed over the last week. Whiting are also in good numbers and freshly pumped yabbies and worms have been the go to bait. Fishing the run out tide around Black Banks and Goat Island has seen some nice fish.

Mud crab numbers are also improving as the waters warm and there is a bit of fresh in the system, set your pots in those deeper holes with mullet as bait. Don't forget the bag limits have changed for mud crabs from ten down to seven and you can only keep the bucks.

With summer approaching the beaches are the place to be. Being up nice and early and timing it with an incoming tide, will see you in good stead. Maroochy North Shore to Mudjimba, Coolum Beach, Peregian Beach and all the way up to Sunshine have been the place to be with some excellent catches being reported. Make sure you look for the gutters with the tide moving in - with bream, whiting, tailor and plenty of dart are around. A couple of the most favoured baits for the beach is a lightly weighted peeled prawn, small pillies, and strip baits of mullet or bonito fillet. Cast out into a surf gutter and allow to drift under the foam where the fish feel safe and will feed.

The mackerel are starting to show up with schools of both school and spotted mackerel tearing through baitfish schools around Laguna bay in Noosa. The good old float-er has been working well - for the lure anglers give slugs and stick baits a go. Murphy's Reef has been good for cobia, Moses perch and sweet lip and the last of the bigger snapper.

Sunshine reef has been great for sweetlip, pan sized squire and the perfect table fish - coral trout.

The Barwon Banks have been worth the trip when the weather allows with red emperor, snapper and plenty of mixed reefies. Soft plastics and micro jigs are working really well with the bottom bouncers and in some cases are starting to out fish bait.

The great thing about them is that you tend not to get the pickers and catch those quality fish.

Now for all the latest information check out our Facebook page or call into Davo's Northshore Bait & Tackle at Marcoola to find out where the fish are biting, and remember, Tight Lines and Bent Spines!
