LOCAL ARTISTS EXHIBIT FOR OPEN STUDIOS ART TRAIL

VANESSA HALL
EDITOR

FROM May 18 to 26 art lovers from across the coast are invited to the Sunshine Coast Open Studios event which is allowing the public into the private studios of 55 artists from across the region. Local art collective, 'The Niche Art Group' are one of the participating art groups and are thrilled to be exhibiting their works and showing people around the Coolum HeARTs shed which is where they meet.

The Niche Artists are a group of 12 award winning artists whose work covers a wide range of styles and subjects, including wildlife, portraits and stunning scenery.

Spokesperson Rochelle Gooch stated that the group enjoyed working with oils and a range of mediums would be displayed.

"We invite the community to come along and browse through the works on display.

"We even have a lucky door prize which is a magnificent painting of Magnetic Island which has been painted by renowned local artist Clive Holden and is valued at \$2,000."

The Open Studios Sunshine

The Niche Art Group who practise their art from the newly refurbished Coolum HeARTs shed is one of the participating artists opening their studio for the Sunshine Coast Open Studios art trail to be held across one week from May 18 - 26. The week-long celebration of local art is a way for people to see behind the scenes and to witness exactly what goes into creating artistic works. The Niche Art Group will be opening their doors for two days from May 18 - 19 and the Open Studios event is free. Pictured are members of the group with a selection of their works which will be on display. Photo: Vanessa Hall

Coast is an opportunity for art enthusiasts and collectors to enjoy the rare opportunity to see behind the scenes, meet, and directly support local makers.

The curated art trail embraces the region from Caloundra to Coolum along the coastline as well as taking in the Hinterland through popular tourist

destinations like Maleny and Montville.

Participants can go on a self-guided tour to visit local artists, buy art, join in workshops and gain a new appreciation for the region's rich and diverse art scene.

Rochelle said they wanted to be part of the trail and represent the diverse art as a group

which was prevalent along the coast.

"There had been many individuals in the past but not an actual group from this area and the Open Studios were very pleased to welcome us and to have a group from the coastal region represented."

"We will have our works set up right here in the studio and

Clive will also be painting and showing people exactly what he does."

The Niche Art Group will be 'open' across the May 18-19 weekend at the Coolum HeARTs Studio on the corner of Elizabeth St and Sunrise Ave, Coolum from 10am - 4pm. More info: www.openstudios.sunshinecoast.com.au

THOUSANDS ATTEND COOLUM DAWN SERVICE

A MOVING service on April 25, ANZAC Day was observed by a crowd of thousands who woke early and made their way to the Coolum Peregian RSL Sub Branch for their commemorative dawn service.

A clear morning flanked the crowd who observed the service which featured local primary and high school students and President Peter Lloyd said it was always so important to have the younger generations involved.

“By utilising the assets that this community has which are our students and featuring the

choirs from the schools, it is building a tradition, and it also brings so many people to the service.”

Member for Ninderry Dan Purdie furthered those sentiments.

“I love seeing every school and club wearing their uniforms with pride and the young kids being here and this is getting bigger and bigger each year.”

After the service the traditional gunfire breakfast was served in the club and two up was played. Lest We Forget.

Alex, Simon, Rhona, Don and Hedley from the Rhodesian Light Infantry who each year proudly lead the parade due to their colours and uniform being recognised by Coolum.

Doug, Bob and Bruce provided music for the gunfire breakfast.

Brendan who fought in Afghanistan wearing his own medals with his children Alistair and Zara by his side.

Maxine whose family has a long and proud history of serving wears the medals from her 'Rat of Tobruk' Grandfather and Father who served in WWII.

The service was attended by representatives from local clubs and organisations such as Coolum Beach SLSC.

GUITARRA Y CUARTETO

COOLUM TO HOST SPANISH CLASSICS FOR ONE NIGHT AT CIVIC CENTRE

LOCAL guitarist and flamenco master, Andrew Veivers will be bringing his new project 'Guitarra y Cuarteto' to Coolum audiences for just one night only on Friday May 17 at the Coolum Civic Centre, and the show is set to be an immersive dive into the world of Spanish and classical compositions.

With a nod to Spain in its title, which directly translates to 'Guitar and Quartet', Guitarra y Cuarteto is a fresh take on Andrew's original compositions paired with iconic Spanish works, all performed with finesse by the Black Square Quartet and Veivers himself.

"I am really excited to share the concert with audiences, it's going to be an extraordinary night of Spanish and classical music," Andrew stated.

Drawing from his extensive career and deep-seated passion for flamenco guitar, Veivers draws inspiration from legendary musicians such as Manolo Sanlucar, Steve Reich, and Manuel de Falla.

The concert series will feature a repertoire spanning Spanish waltzes, movie scores, lullabies, theatre music, Brazilian jazz, and flamenco, reflecting Veivers' diverse artistic direction.

"These are musical styles that I have enjoyed socially with family and friends for decades but, for the most part, have only rarely drawn on for my composition and performance.

"This project has afforded me the perfect opportunity to infuse elements of these beautiful musical traditions into my work."

Collaborating with the Black Square Quartet was a natural choice for Veivers, given their musical capabilities.

"The Quartet are formidable musicians each in their own right," Andrew said.

"Their passion for pushing musical boundaries aligns perfectly with my vision for this project, making them the ideal collaborators."

As "Guitarra y Cuarteto" embarks on its tour, audiences can anticipate an unforgettable evening of musical innovation and cultural celebration, showcasing the seamless fusion of Spanish heritage and contemporary artistry.

Guitarra y Cuarteto will perform for one night only at the Coolum Civic Centre on Friday May 17 from 7pm. More information at www.redchair.com.au

The Guitarra y Cuarteto tour is presented by local performing arts company Red Chair with the support of the Queensland Government through Arts Queensland.

Letters to the editor

FEMALE STATS

Dear editor,

Have Terrorist Laws been enacted for the violent killings of 25 Australian women so far this year? Is it because so far this year 25 women (one every 4 days) have been killed by their violent partners; others terrorised, maimed, threatened, stalked, tracked, coerced, harassed?

Just asking why not?

Margaret Wilkie,
Peregian Beach.

AI THREAT?

Dear editor,

Artificial Intelligence (AI) is moving beyond being a sophisticated tool. Global tech guru, Mustafa Suleyman, says AI is rapidly becoming a new species.

It has already morphed into an endless wave of creativity - writing poetry, making music, and creating videos that stretch the imagination. Where is the public discussion led by our political representatives envisioning the community response to the opportunities and risks this new wave poses?

Old timeframes are not on our side as the new wave of technology accelerates, evolves, and reproduces itself.

Mustafa says the journeys of humanity and technology are

deeply entwined and we need to face the questions surrounding AI autonomy and retaining human control.

Change is occurring rapidly. Commentators said AI would never be empathetic and yet millions of people each day engage with AI seeking aid for their emotional challenges.

I have not seen any of our leaders poke their noses up and even slightly allude not just to the challenges and opportunities that await us but are at our feet right now.

Let us not fear our future but shape it now starting with informed public discussion and leadership. We don't have the tortuous time we took to address climate change.

This is not just a discussion for tech gurus but for all of us.

Garry Reynolds,
Peregian Springs.

PROGRESS?

Dear editor,

Federal Labor has an obsession and that is, "Reduce our emissions by 75%". Zero targets are virtually a pipe dream. 2035 is a future far removed from 2024. Planning for future global and domestic challenges is too difficult to conceive. Currently we are more interested in 2024, grappling with a changing world and local events and issues.

Focus rather on the high rate

of femicide in Australia, more critical than climate change. It is here and now. On average, one woman a week is murdered by someone she knows. Addressing mental illness, which contributes to violent attacks and crime, is critical and has been ignored for decades. Courts issuing bail rely heavily on honesty. Compulsory curfew and ankle bracelets should be a given for all offenders on bail, young or old.

And so we progress into a century which has brought us to more gun and knife violence, hate speech against law-abiding Australians and weak court officials hesitant to enforce long sentences for lawbreakers, particularly youthful repeat offenders on bail. Our governments are more concerned with image than industry. Australia is now a free for all, for criminal gangs, people smugglers, hate preachers and oil markets, commerce and internet scammers, exploiting the innocent with impunity.

E. Rowe,
Marcoola.

Coal royalties help pay for cost-of-living support

Ask any Queenslanders and they will tell you we're number one. Number one for sunshine and lifestyle. We are also number one to benefit from coal royalties.

Coal royalties help to pay for cost-of-living support like electricity rebates and free kindy. They also help pay for infrastructure and services.

Queensland is the world's largest exporter of coal used to make steel for wind turbines and electric vehicles needed for the global transition to clean energy. This demand means a record 44,000* people have jobs in Queensland coal mines.

Sienna Potter secures great results at equestrian champs

YEAR 11 Coolum State High School student Sienna Potter and her super roan pony Thorn aka Salvatore outdid themselves recently at the 2024 QLD State Jumping Equitation and Show Jumping Championships held at Maryborough recently. The talented duo secured a slew of amazing results

which included;
 *First Equitation 13 and under 26 yrs 80cm, also making it into the State Team and Nationals.
 *First Show jumping under 26 yrs 90cm, also making it into the State Team and Nationals.
 Sienna also won the Percy Bishop Trophy for the highest

overall points over the two disciplines of jumping equitation and show jumping by the same horse and rider combination.
 Sienna represented the Zone 6 Pony Clubs at the PCQ State Jumping Equitation & Show jumping Championships 2024. Well done Sienna!

FUNDING WINDFALL SECURES CHANGEROOM FACILITIES FOR COOLUM BEACH BREAKERS AFL

IN WELCOME news for the local AFL community, the Coolum Beach Breakers Junior AFL are the lucky recipients of a \$350,000 State Government grant which will go towards long overdue changerooms. Ninderry MP Dan Purdie was happy his advocacy had paid off for the Club, who've been crying out for the basic facilities to support their growing membership. "I've been working with the Coolum Beach Breakers for the past few years, and this is a fantastic outcome for the Club and its growing membership," Mr Purdie said.

Mr Purdie said the Club had experienced significant growth, particularly with the number of girls taking up the popular sport and the lack of amenities, including change rooms, had become a major frustration.

Mr Purdie said he had been working closely with the Club on the plans to upgrade their facilities as part of a MOU with Council and the State Government which will eventually deliver new multi-purpose fields at Coolum State High that will also feature netball facilities.

Coolum Beach Breakers President Tyson Smalley said the funding would be a game-changer for the Club.

"We are ecstatic to hear of our success for this grant," Mr Smalley said.

"We've been in need of changerooms for a long time now and finally we'll be able to provide a safe space for all our kids and opposing teams."

"This could not have come at a better time, considering the

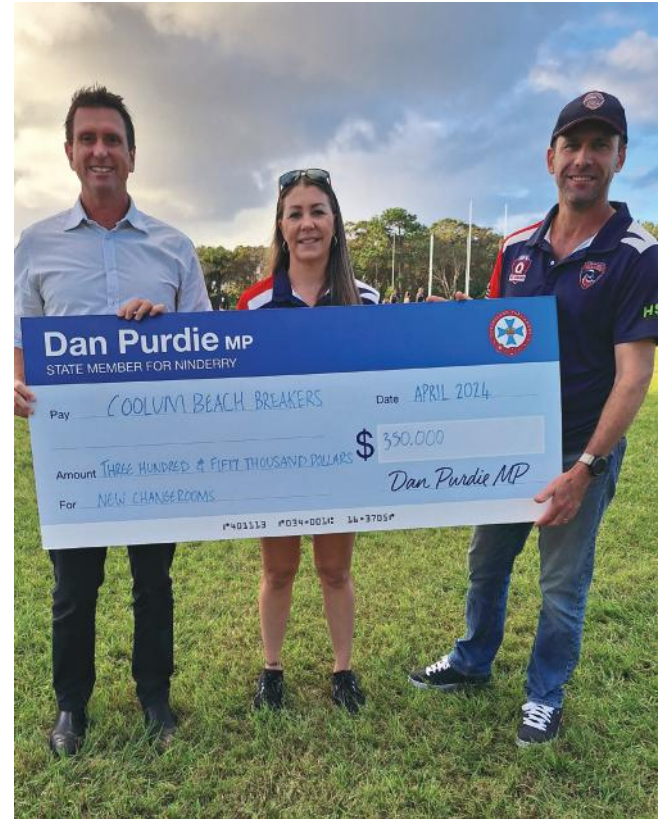

rapid growth in AFL, particularly female participation."

Mr Smalley expressed his appreciation for the state's assessment of the club's funding application and said he was looking forward to providing fully inclusive facilities as soon as possible.

"We're also grateful for the support we've received from Coolum State High to host us on their grounds and now, with this grant and the additional

financial support from AFL Queensland (\$150,000) and Council (\$50,000), we can finally provide changerooms for our kids."

Mr Purdie said he would continue to work closely with the Club to ensure construction is able to get underway as soon as possible. The funding has been delivered as part of the State's Minor Infrastructure and Inclusive Facilities Fund.

TROY ASCOTT
COOLUM STATE HIGH SCHOOL

SURELY, one of the greatest gifts we can give our children is the gift of music. Music really is the essence of life and to be able to make music must be very special.

Every great school I've seen has a great music program. A great music program seems to sit at the heart of a great school. Perhaps it provides the rhythms and the beats and the sounds for the school and sets a tone that others follow.

Coolum State High has an amazing music program – one that, these days, spans a wide range of styles and offers an opportunity for anyone who wants it. From the massive and impressive wind symphony, to the growing and effervescent strings program, that have now coalesced into a full symphony orchestra, we have the most impressive classical music

program.

Our students also excel in popular music, vocal ensembles, rock music and a wide variety of other styles. Our latest building, Galag Gira, is purpose built for music with four full-sized music classrooms, six rehearsal studios and an instrument storage area. It has to be one of Queensland's most impressive spaces built solely to house the musical talents of high school students.

When you add our growing and impressive dance program to the mix, Coolum High has become an artistic powerhouse. There is no doubt that music sets the tone for a school and that Coolum High's music program sets us apart. Wait until you hear them – I know you'll be impressed!

A look back in time

FRANCES WINDOLF

A LONG TIME COOLUM RESIDENT WITH A PASSION FOR LOCAL HISTORY

REMINSICING ON MOTHERS' DAY

MOTHER'S Day has always been important to me and my five siblings, but I also remember my mother-in-law, Florie Windolf.

Florie was born on Mount French, and married at Kalbar, but during World War Two she moved from Kalbar with her daughter Caryll, to be near her parents who had a farm on Buderim Mountain. Her husband Alex Windolf served as a Military Policeman.

Florie and Alex's son, John was born in 1942.

In 1946 Florie and her husband bought a farm high on the hill above Coolum Creek wharf. Florie's nearest neighbours were 2kms away, and with no electricity or telephone, her only contact with the outside world was the midday news on the battery-operated radio.

She milked cows, fed fowls and collected eggs, hoed vegetable crops grown for interstate markets, helped with the sugar cane, picked pineapples, made jams and pickles, sewed the family's clothes, boiled her washing

outside and cooked meals on a wood stove. The nearest shop, at Coolum Beach, was 5kms away, and the family never owned a car.

As Florie's parents aged, they retired to Maroochydore, and she travelled there fortnightly to help them. On a Wednesday, her husband would row her a kilometre down Coolum Creek to meet the mail boat from Yandina and she would clamber aboard for the hour-long journey to Maroochydore. She would wash, clean and cook for them, returning on a Thursday - the only day that the boat travelled to Coolum Creek Wharf – and walk to her hill-top house.

I wonder how we would cope if we had to live like my wonderful mother-in-law today!

Florie Windolf on the farm above Coolum Creek. Photo: Windolf collection.

Observations

TONY GIBSON
A MARCOOLA RESIDENT WHO IS ACTIVE IN THE COMMUNITY AND THE ENVIRONMENT.

IT WAS a slow walk-up Mount Gul'um step by step until I reached the summit recently. There had been overnight rain followed by morning sunshine with the rain drops sparkling on the needles of the casuarinas. As I reached the summit looking towards the ocean, I could feel a chill in the air with a gentle breeze blowing.

What an adventure! Which is so close to home - we have this amazing national park mountain that attracts locals and visitors alike. I like to climb and just take in nature listening to the birds, the sound of the breezes through the trees, and I take deep breaths of the intoxicatingly clean air in a walking meditation.

I remember 'Climb Every Mountain' was a song from 'The Sound Of Music' musical and the lyrics are a metaphor for life. The need to follow our dreams with determination, enjoying the good times and meeting challenges as they

arise. This requires persistence, passion and empathy for other beings.

Step by step and with the breath is the way to achieve a happy life and being in the moment.

Life will throw a myriad of things at us which we will have no control over. We can make choices but many of these challenges are unforeseen and if we have love, compassion and kindness as our guides it puts these times into perspective.

In "The War for Kindness" psychologist Zaki talks about kindness as a source of strength. He argues that "empathy is not a fixed trait from birth and rather a skill we can strengthen". By building relationships and empathy in our culture we can have truly supportive world communities. The challenges will come and go, although the future is bright.

Enjoy your communities and nature's gifts.

Celebrating the love for our mums

ORIGINATING in 1907 in the USA, Mother's Day was born when Anna Jarvis of Philadelphia wanted to pay special homage to her Mother who was active in women's groups at the time. On May 12, 1907, Anna held a memorial service for her late mother at a West Virginia church and within five years the national day was widely celebrated.

Here in Australia we recognise Mother's Day each year on

the second Sunday in May and for local artist Owen Cavanagh his Mum 'Delma' means the world.

"We wouldn't be here without them, and my mum did so much for us and not just for us four kids, but she took our cousins and neighbours in and was always doing things for all of us.

"You don't realise until you're older just how much they sacrificed for you."

Owen's shop 'Studio 53 Art & Surf Culture' has something for everyone and especially the mums in the region, and no matter what your budget, from stickers to larger pieces of fine art, the local art studio has your unique Mother's Day gifts sorted.

Located at 53 Quanda Road in the Coolum Industrial Estate they are open from 10am to 3pm daily. Pictured is Owen with his beloved mum Delma.

PETITION TO REPLACE LIGHTING

EARLIER this year, TMR installed a pedestrian refuge on David Low Way adjacent to the Scrub Road intersection, and while this has been welcomed, the large floodlights that have been installed have not.

These lights are the type you would find in a stadium or on the highway, not in a low impact, highly sensitive coastal environment. Not only are they completely out of character for the area, they also sit adjacent to turtle nesting sites.

Both TMR and the Minister wouldn't listen to our concerns, so we've started a petition, calling for the lights to be replaced. Please sign, share and show your support. Visit queensland.typeform.com/fixthelights.

SPEED LIMIT UNDER REVIEW

FOLLOWING lots of complaints, I'm pleased to advise that TMR is looking at the

speed limit on David Low Way, adjacent to the Coolum Sports Complex.

Locals have told me they want the speed limit to be reduced for better safety and access. This section of David Low Way is currently 80km/hr, and it can be close to impossible to get safely in and out of the sports complex at peak times.

This is not the first time we've raised this issue. Last year, the State government provided funding to Council to upgrade the entrance to the sports complex, and while this has helped, it hasn't solved the problem.

The speed limit review will consider the section of David Low Way north of Stumers Creek bridge, including the entrance to the sport complex, with the results to be considered by a committee that includes representatives of Council, QPS and TMR.

Fingers crossed we get the result we've been waiting for.

ANZAC DAY

IT WAS fantastic to see the community come together on ANZAC Day recently to commemorate the service and sacrifice of those who helped secure our freedom and protect our way of life. I would also like to give a quick shout out to Buds on Buderim where I purchased my ANZAC Day wreaths from this year. Amelia and the team do a great job – a wonderful local small business.

JOCELYN WALKER LIFEFLIGHT VISITOR EXPERIENCE

ANNOUNCED at the 2024 LifeFlight Gala was a new visitor experience facility named after community leader, Jocelyn Walker. Jocelyn is a stalwart of the Sunshine Coast and her contribution to our region continues to be enormous. Congratulations Jocelyn.

LET'S GET MOVING!

I PLEDGE to complete 75 moves a day for 21 days. The

Million Moves challenge has kicked off for the month of May, and I'll be competing against Llew O'Brien MP in Wide Bay, Andrew Wallace MP in Fisher, and Terry Young in Longman. Statistics show 75 per cent of adults don't meet the guidelines for physical activity - but we can change that. Learn more and sign up at tedobrien.com.au.

AUTUMN ROAD TRIP

MY AUTUMN Road Trip was a big success with pit stops in Buderim, Woombye, and Eumundi. Thank you to everyone who took the time to come and have a chat. The most common issues which arose were cost-of-living, health, and local infrastructure.

If I or my office can be of assistance, please don't hesitate to reach out on (07) 5479 2800 or at ted.obrien.mp@aph.gov.au.

DIVISION 9
SUNSHINE COAST REGIONAL COUNCIL

SINCERE THANKS

THANK-YOU to the community of Division 9 for showing support for my re-election. I'm grateful and thankful for the hours of support from my family, friends, mentors and volunteers – I wouldn't be here without it.

During the campaign, it was lovely to chat to residents again who I had been in contact with before and to meet other people for the first time. It's not easy to put your hand up to be elected and I'd like to acknowledge the other candidates for doing so as it meant our community had a democratic choice.

I am also humbled to have support from my fellow councillors to fill the role as Deputy Mayor. I look forward to seizing the opportunities and tackling the challenges over the next four years as I continue to represent and work on projects that are important to the residents of Division 9.

OTHER LOCAL UPDATES

WORK on the amenity block at Jack Morgan Park should be complete by the end of May. It'll make a big difference to people enjoying all the park has to offer. You'll also notice work start at the Lions and Norrie Job park in the next few months to deliver on the masterplan upgrades.

I was dismayed to learn about the damage to vegetation at Coolum recently. Thank-you to those residents who reported this to council as without their information, it is often difficult to find the culprits and prosecute them, which in turn deters others from carrying out environmental vandalism. If you notice suspicious vegetation damage occurring in Council-managed reserves or parks, please contact Council's customer services on 5475 7272.

DEFACTOS AND WILLS

A RECENT Supreme Court case *Re Hammett* [2023] QSC 249 has once again highlighted

the importance of having a will. It involved a defacto relationship where the deceased had died without a will - "intestate" in legal-speak.

The couple had been defacto

partners for thirteen years, but halfway through their relationship the defacto wife's son died. She experienced an extreme grief reaction to his death and moved out of the family home, while maintaining an exclusive relationship with the de facto husband.

Because the definition of 'spouse' in the parts of the Succession Act 1981 (Qld) dealing with intestacy is not the same as the more widely understood definition used

in family law, it was argued that she was not entitled to a share of her defacto partner's estate. The definition requires that parties "live together as a couple on a genuine domestic basis for two years prior to the deceased's death". The defacto wife's application for letter of administration was opposed by the deceased's daughter and culminated in a Supreme Court hearing.

The Court heard lengthy evidence from friends and

family about the intimate details of the couple's relationship in order to prove the relationship had continued. The daughter gave contrary evidence – no toothbrush in the bathroom when I visited etc – to show it did not. The defacto wife was ultimately successful, with the Court generously finding sufficient indicia of continued domesticity to conclude that, in a loose sense, the couple were still living their lives together. But only after a lengthy legal

proceeding and court case with the majority of the substantial legal costs deducted from the estate.

All could have been avoided with a simple will.

Clients sometimes ask, "Why should I bother with a will, won't it just go to my family anyway?". This is true, but family dynamics are complicated and, as popstar Cyndi Lauper sang in the 80's, "Money! Money changes everything!"

Dive into our region's rich aquatic sporting history

From water skiing and surfing, to nippers and outrigger, the Grassroots to Glory exhibition at Landsborough Museum is a celebration of Sunshine Coast aquatic sports. Enjoy memorabilia, photos and artefacts that showcase the region's rich water sport heritage and hear from champions of local water sport as they recount their tales from the deep and the shallows. The exhibition is on until September 8. Entry is free. Open Wednesday to Sunday, 10am to 3pm.

Celebrate National Reconciliation Week

National Reconciliation Week, May 27 to June 3, is an opportunity to come together as a community. This year's theme is 'Now More Than Ever' which serves as a reminder that the fight for justice and the rights of Aboriginal and Torres Strait Islander people must continue. Help us to celebrate National Reconciliation Week with a full program of events held across the Sunshine Coast. Visit Council's website for more details.

Council's planned burn season starts

Keep up-to-date with our annual burn schedule via Council's Facebook page or website. A number of sites across the region will be treated as long as the weather remains dry and the winds favourable. Planned burns help plant species that rely on fire to regenerate to survive and also reduce fuel on the ground before bushfire season.

Take a stand against violence

This May, support Domestic and Family Violence Prevention Month on the Sunshine Coast. Help speak up against violence against women and children by wearing your purple ribbon and find out about other ways you can get involved to take a stand. For more information about events and resources for Domestic and Family Violence Prevention Month, visit Council's website.

Historians share their research

Sunshine Coast Historians in Residence reveal their research findings at two free history seminars. Sessions run 9.30 to 11.30am at Nambour Heritage Library on May 23 and Bankfoot House Heritage Precinct on May 24. Hear about the evolution of Sunshine Coast cemeteries with Dr Lisa Murray and uncover the fascinating biographies of the personalities of Bankfoot House residents with Dr Ken Greenwood as he delves into their individual lives. Free morning tea is included. Bookings are essential. For more details and to book, visit heritage.sunshinecoast.qld.gov.au.

Community CoLab now taking bookings

The Maroochyodre City Centre welcomes a new addition to its vibrant community with the opening of Community CoLab, a low-cost venue-for-hire on the ground floor of the Sunshine Coast City Hall building. Managed by Council's experienced Community Venues team, Community CoLab offers a versatile space accommodating up to 20 people, providing an excellent venue for a variety of small events. For bookings and enquiries, visit Council's website.

Community news

MEALS ON WHEELS

Meals on Wheels Coolum Beach has had a place in the hearts and homes of the Coolum Community for more than 40 Years.

We prepare fresh nutritious meals and deliver them to people's homes to enable them to live independently. We also provide a social contact, a friendly smile and a chat to check all is well and make a difference to someone's day.

Our volunteers are the core of our service – preparing and delivering meals as well as helping in the office. We couldn't do what we do without their help.

We are always on the lookout for new volunteers to join our team. Can you spare a few hours a month to help keep the wheels running smoothly? Why not give us a call to find out more? It could make your day!

Please call **5446 1000** to find out how to be part of our community.

COOLUM DOG WALKERS

Who can get our fresh and flavour filled meals?

In short ... anyone can get our fabulous meals!

Meals on Wheels is for anyone who has difficulty with cooking and preparing meals for themselves.

The service is provided to older people, people with a disability, people recovering from surgery or illness and of course carers.

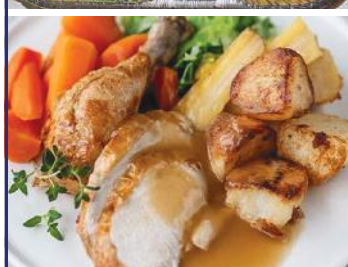

The service is based on need and there are no waiting lists!

We offer a range of meals so there's plenty of variety, and we can accommodate special dietary requirements.

If you are registered with one of the following funding programs, you may be eligible for a price subsidy:

- Commonwealth Home Support Programme
- Home Care Package
- NDIS
